

# FES 2021

## How to record your poster presentation using Zoom

1<sup>st</sup> International Congress on Fire in the Earth System: Humans and Nature  
November 3-7, 2021

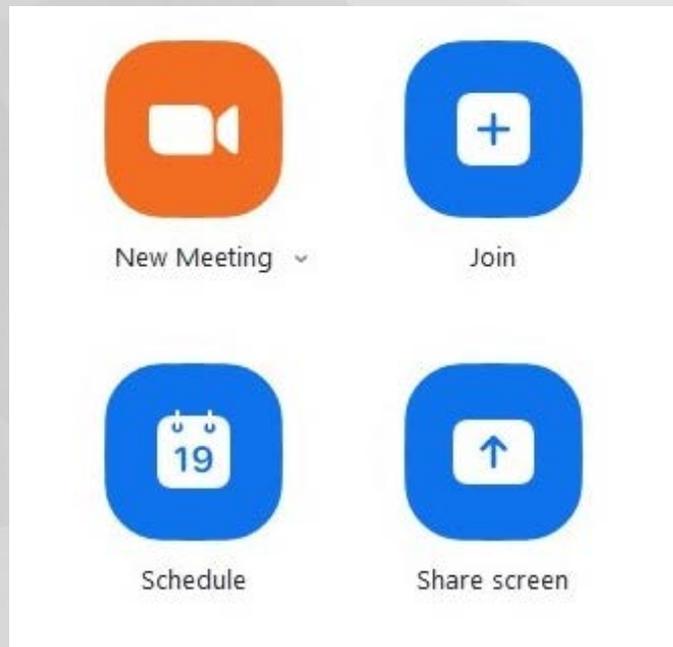

How to download and login:

1. Please go to [www.zoom.us](http://www.zoom.us)
2. Go to the Download Centre in Zoom and download Zoom Client for Meetings.
3. If you already have a Zoom account select “[Sign in](#)”. If you don’t, select “Sign Up” and fill in the required information.
4. Sign in using the credentials you have previously selected

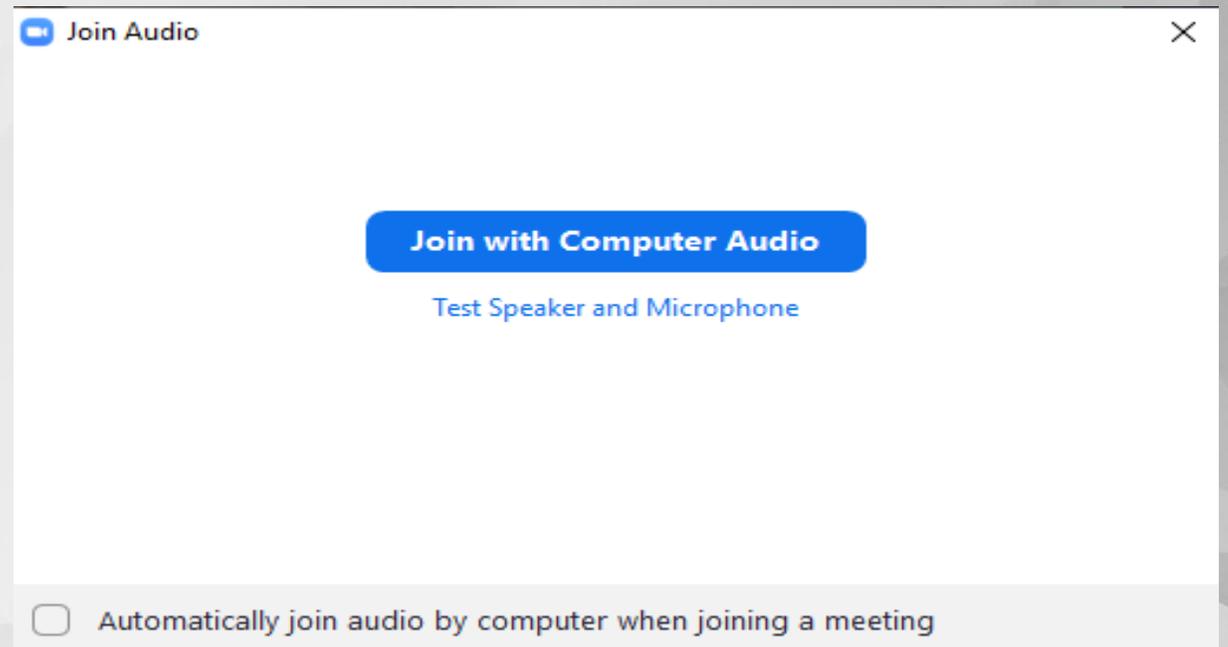

The screenshot shows the Zoom Download Center interface. At the top, there is a light blue header with the text "Download Center" on the left and "Download for IT Admin" with a dropdown arrow on the right. Below the header, the main content area is white. It features the heading "Zoom Client for Meetings" in a large, dark font. Underneath this heading is a paragraph of text: "The web browser client will download automatically when you start or join your first Zoom meeting, and is also available for manual download here." Below the text, there is a prominent blue button with the word "Download" in white. To the right of the button, the text "Version 5.6.1 (617) (32-bit)" is displayed. At the bottom of the section, there is a link that says "Download 64-bit Zoom client" in a smaller, blue font.

From the main menu please select “New Meeting”

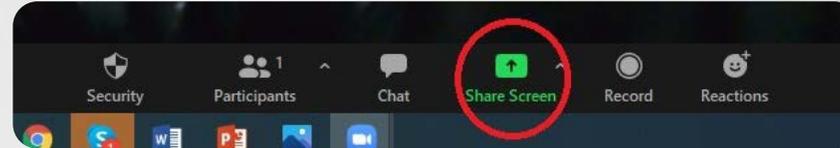

You will soon see yourself on camera and a pop up window will come up asking you whether you want to join with computer audio. Please select “Join with computer audio”

# The next step is being able to share your screen.

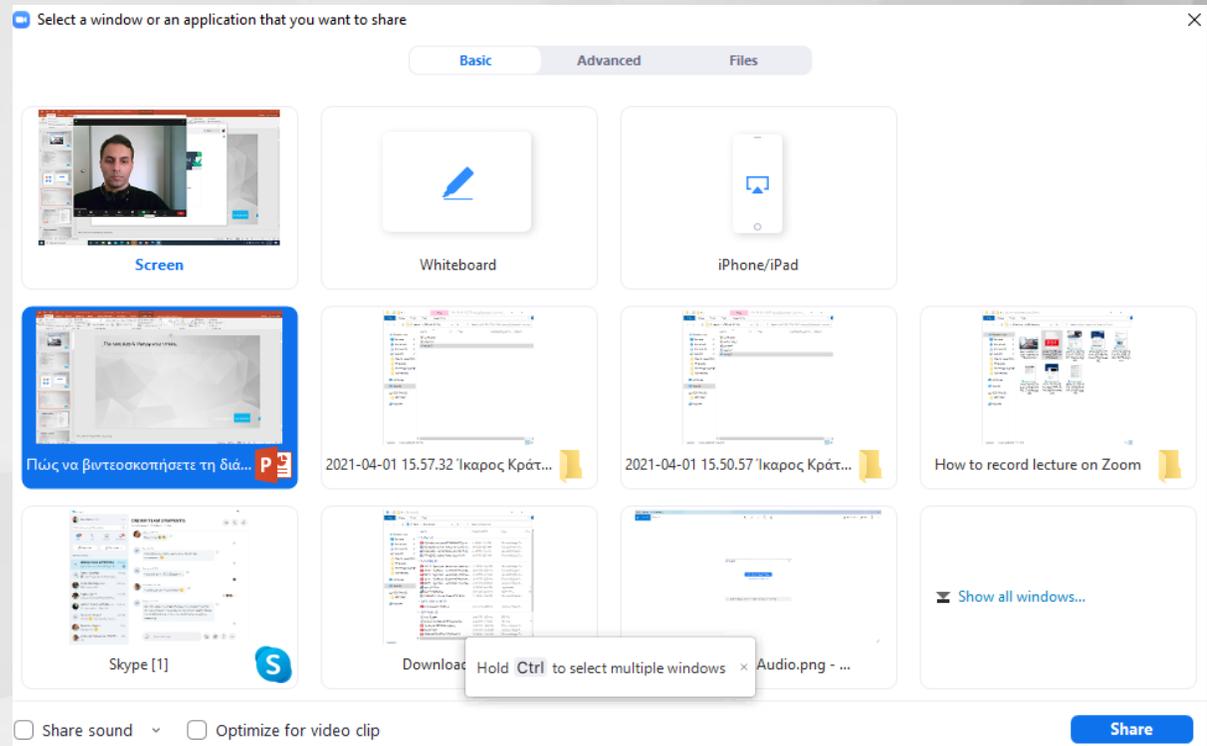

From the menu at the bottom of your screen please select “Share Screen”.

You will be prompted to select which part of your screen you wish to share with your audience.

- Please select the ppt presentation you have prepared for your lecture.

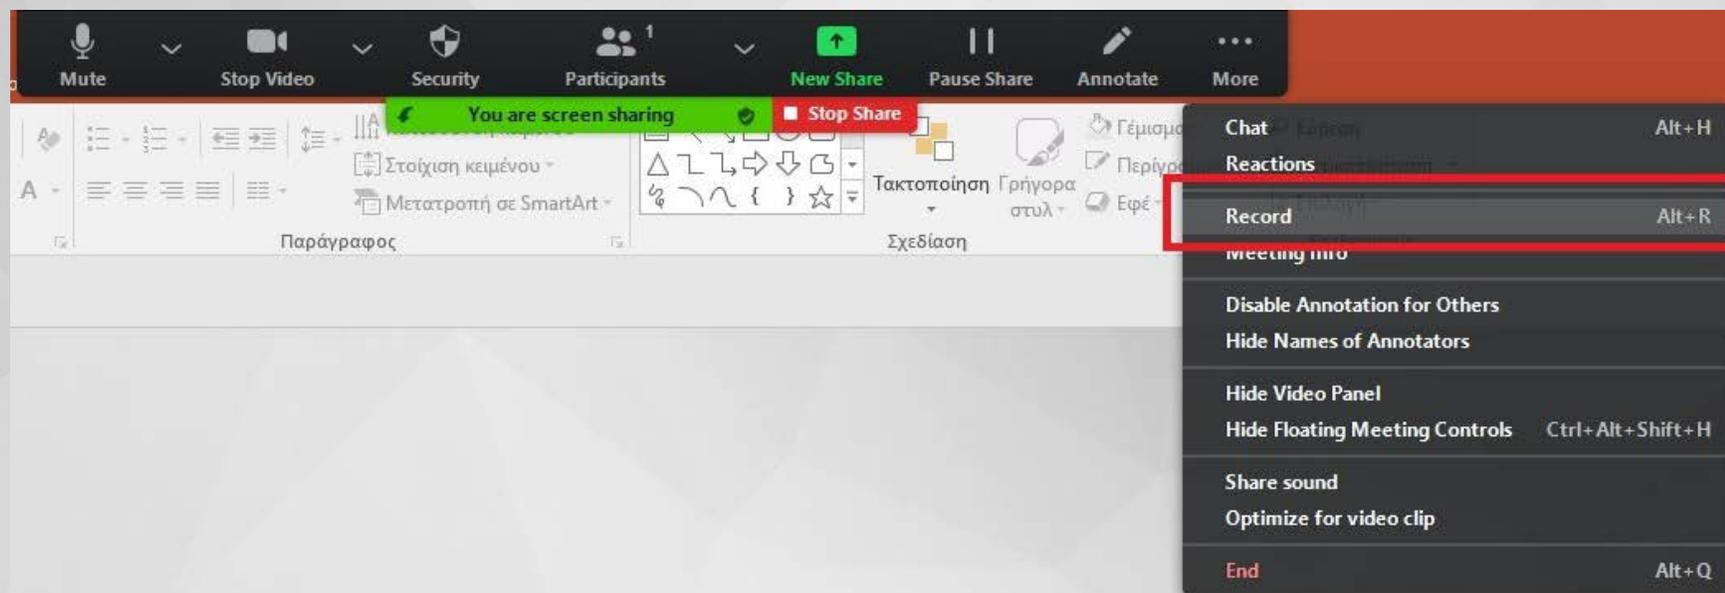

You may wish to choose your whole screen but please be advised there may be things you do not wish your audience to view or pop up windows might disrupt your presentation.

# The next step is recording your poster presentation

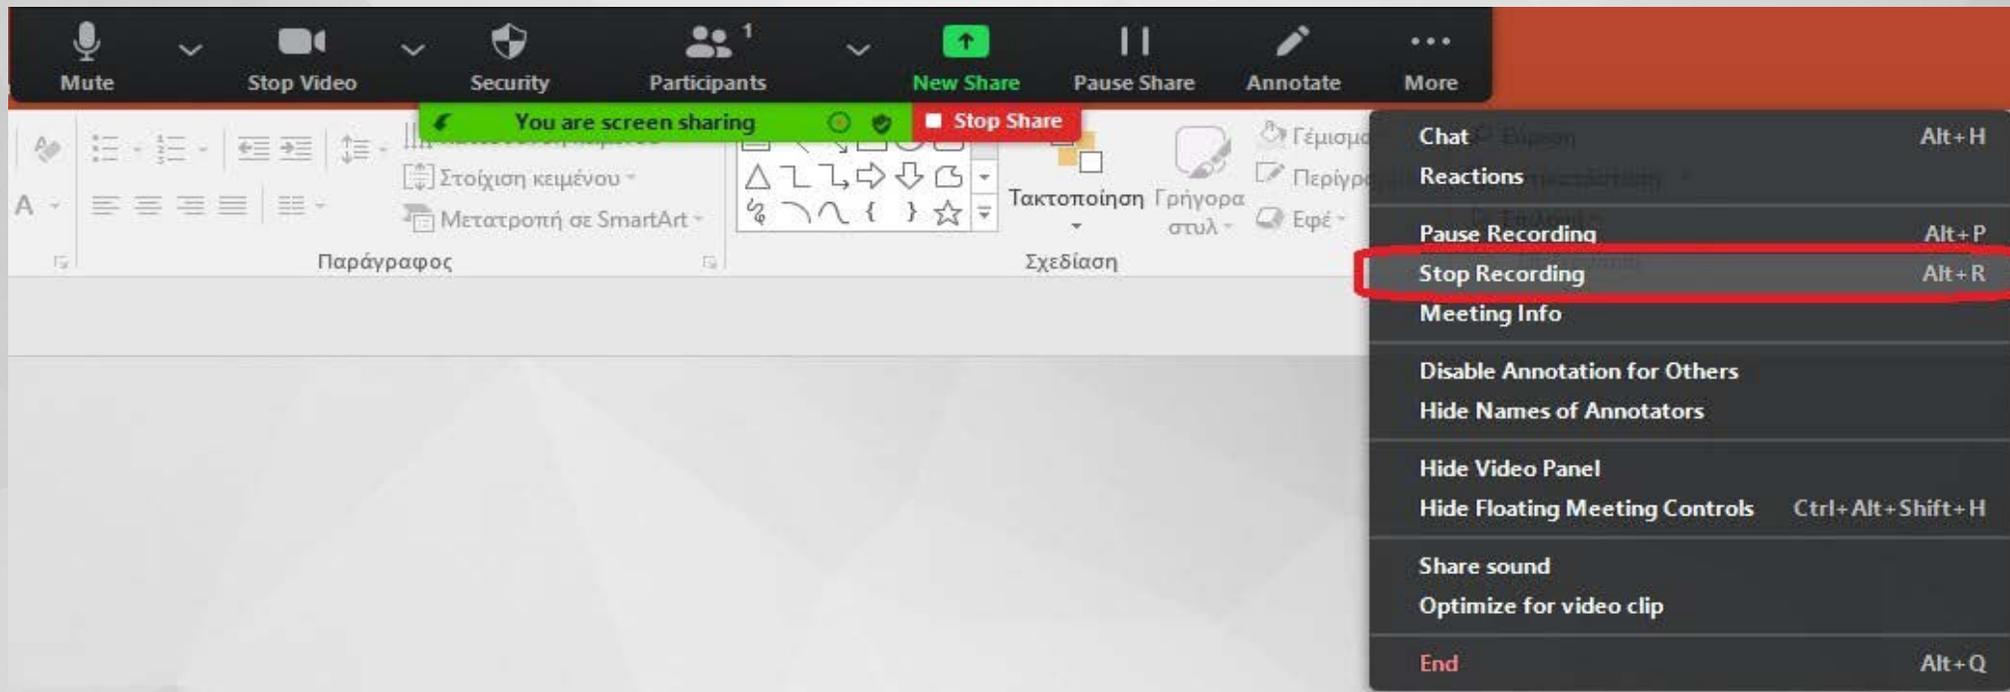

- Please move your mouse pointer to the top of the page until a menu pops up.
- Then hover your mouse pointer above “More” until you see a drop down menu.
- From that menu choose “Record” and give your lecture as you normally would in front of a live audience

Please pay attention to the speech length: 3 min. max

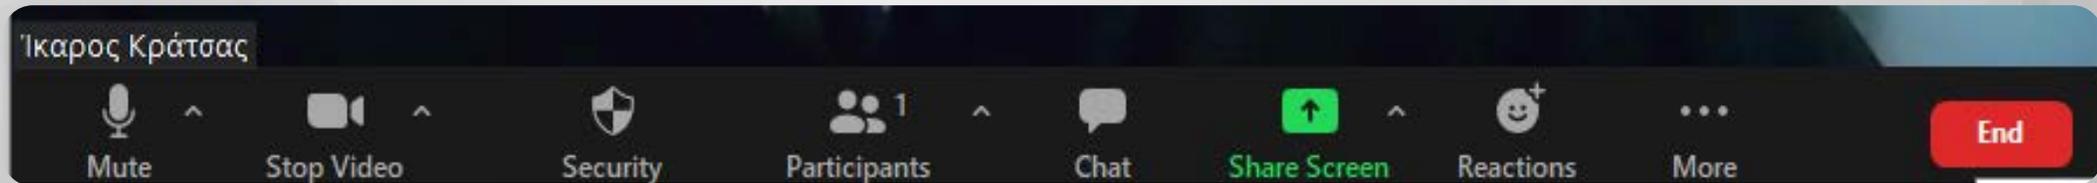

# How to stop recording

- Please move your mouse pointer to the top of the page until a menu pops up.
- Then hover your mouse pointer above “More” until you see a drop down menu.
- Once you have said all you wanted to say in your lecture/presentation please click on “Stop Recording”

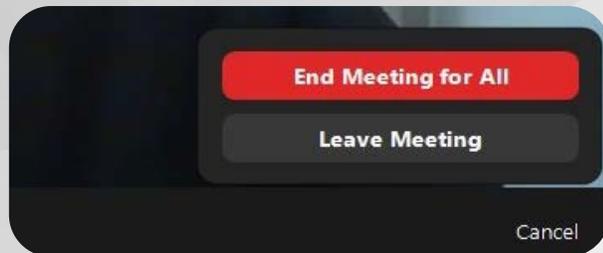

# How to end meeting

- After that you can select to “stop sharing” and press the red “End” button on the bottom right corner of your screen.

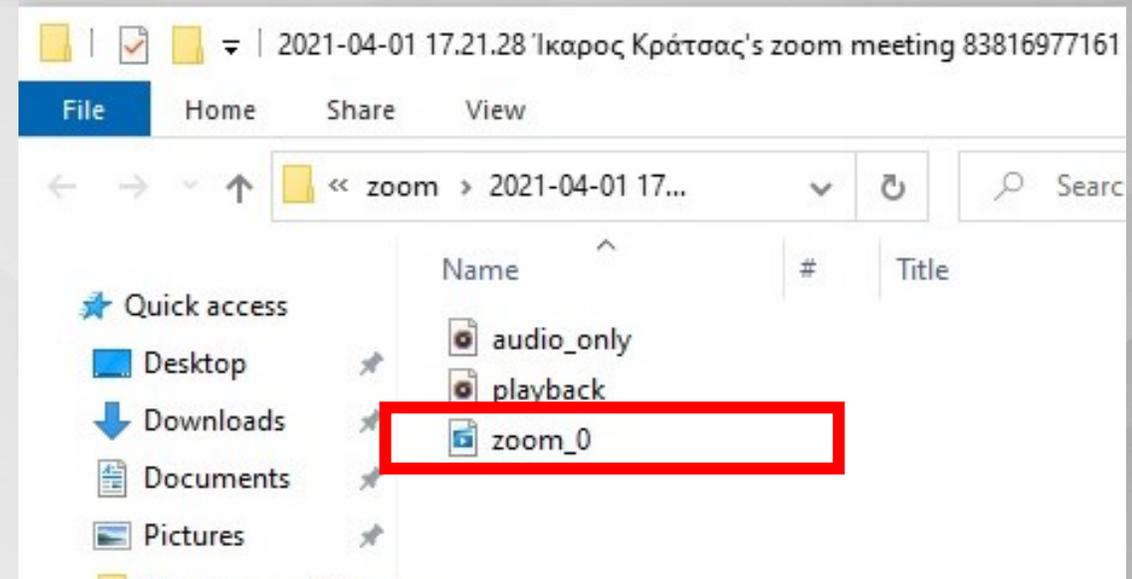

- Choose “End meeting for All”

# Your recording

Once you have terminated the zoom session:

- A window to the folder containing your recorded lecture will open up.
- The file is the video file titled “Zoom 0”
- You can now play it back to ensure everything is as you want it to be and share it with us.
- Before sharing, please rename your file according to your abstract ID
- *Please pay attention to the speech length: 3 min. max*

# The next step is to upload your video at <https://firecongress.eu/>

1. Please go to <https://firecongress.eu/>
2. Go to the tab “ABSTRACT SUBMISSION”
  - “Click Submit Your Abstract”
  - And log in
3. At the Dashboard find your Abstract and click “Edit”.
4. On the right side find section “Attachments” and click “Choose File”
5. When your file is uploaded click “Submit”
